

Agile and Jira

Implementing Agile Practices Using Jira Atlassian

Why Agile?

Shorten time between plan and delivery

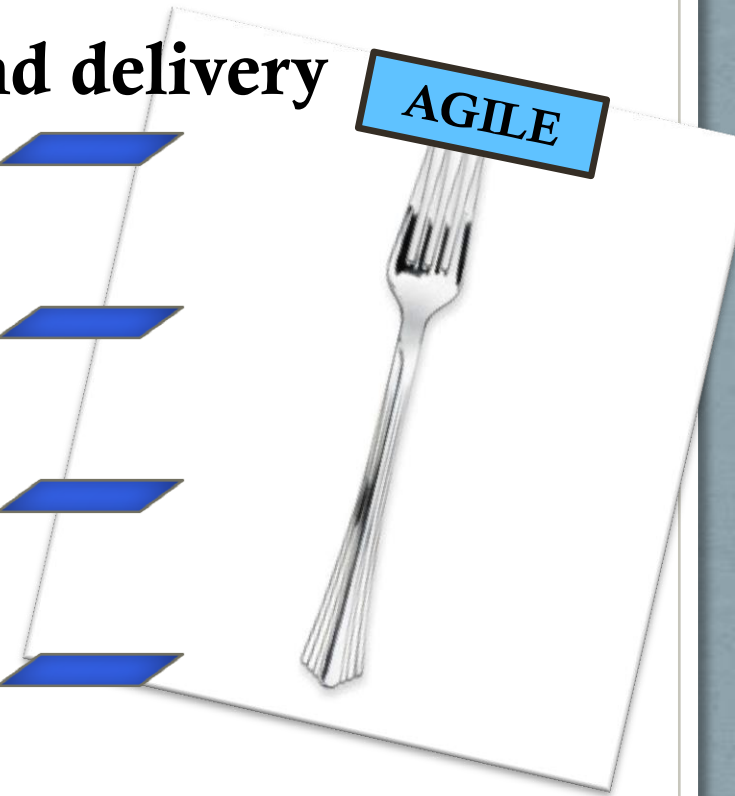

Release highest value first

Driven by quality

Enhance feedback loop

Agile Manifesto

A statement of values

Individuals and interactions over processes and tools

Working software over comprehensive documentation

Agile Manifesto

Customer collaboration over contract negotiation

Responding to change over following a plan

Small increments vs. BIG picture

Agile – Value Driven

Constraints

**Predictive Process
(Waterfall)**

**Adaptive Process
(Agile)**

Requirements

Cost

Schedule

**Plan
Driven**

**Value/
Vision
Driven**

Estimates

Cost

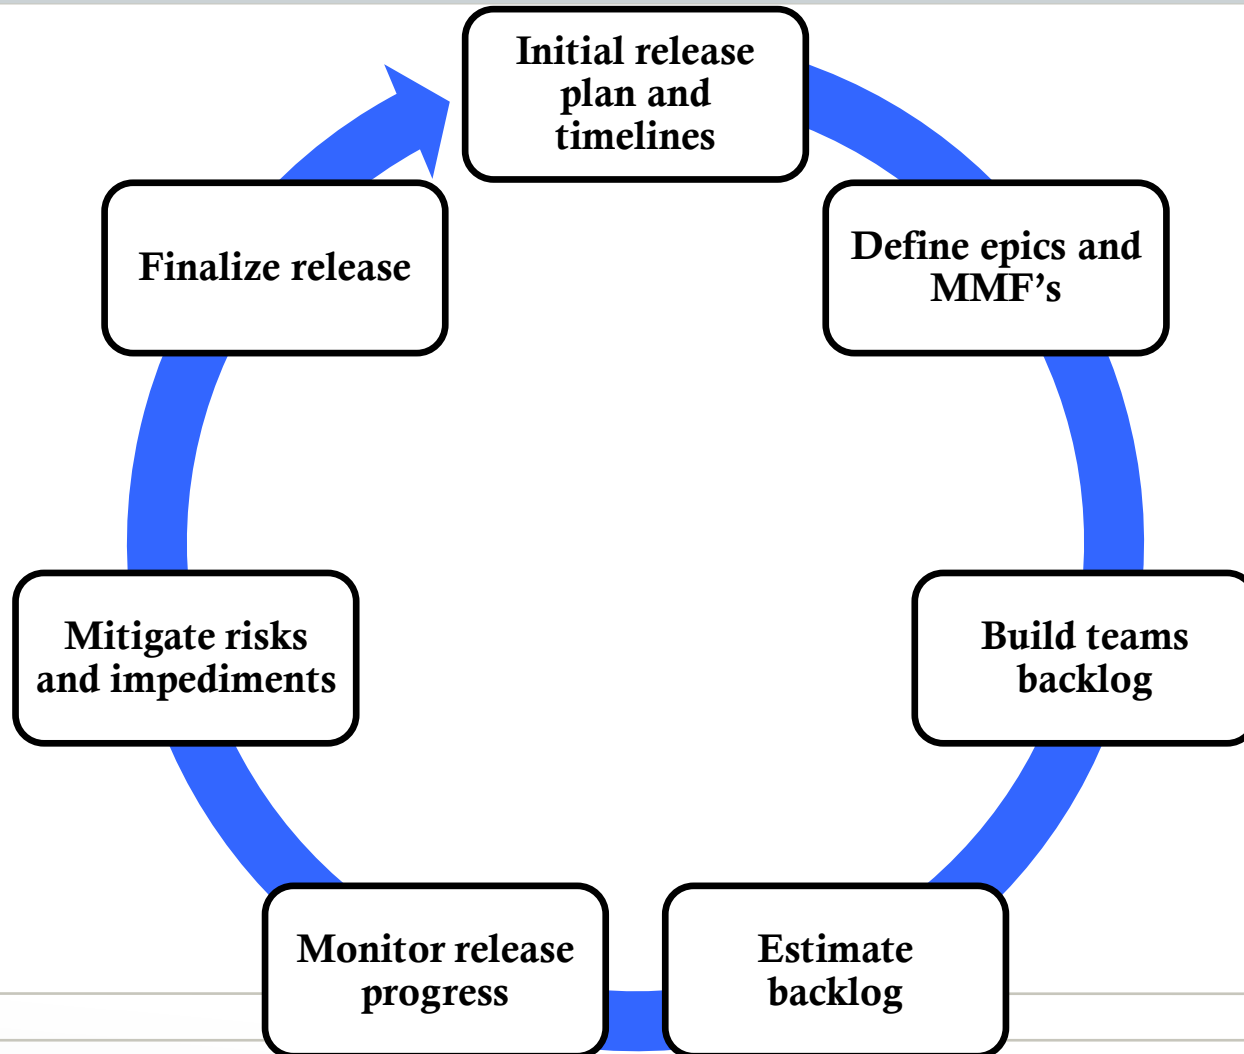

Schedule

Features

The plan creates
cost/schedule estimates

The vision creates
feature estimates

Release Lifecycle
